# MODEL-OVERVIEW

KTM X-BOW GT-XR

Born on the racetrack, the lightweight, high-performance super sportscar is designed for true individualists who crave untamed dynamics and radical design in their everyday lives.

Based on the race-winning KTM X-BOW GT2, the KTM X-BOW GT-XR was developed to deliver the same outstanding performance, combining uncompromised technology, engineering, and high-tech components to create the ultimate READY TO RACE street-legal supercar!

- // Road legal model (EU small-series homologation)
- // KTM relies on lightweight construction with a full carbon outer skin
- // The vehicle is powered by the legendary and highest quality Audi 5-cylinder
- // Carbon fibre monocoque
- // Transversely mounted mid-engine, rear-wheel drive and limited-slip differential
- // 7-Gear double shift transmission
- // Model to be presented this year
- // Pre-order possible
- // Fuel Consumption (WLTP) 9.1 L / 100 km
- // CO2 emissions 214 g / km
- // Emission Classification EURO 6D
- // Status 08/2022
